YOUR HELP IS NEEDED TO SAVE FROGS

Frogs are dying out all over the world, including India. It is the largest mass extinction since the disappearance of dinosaurs. It is due to habi destruction, pollution, and disease. **More than 25% of amphibians are threatened with extinction in India**. In India alone, out of 240 specie 63 are in trouble. It is due to us – humankind – and if we do nothing they will disappear forever.

Petition to the Politicians and Parliaments of the World

We, the undersigned, support the Amphibian Ark Project, sponsored by the zoos of the world to support public awareness, education, research, breeding an habitat protection of amphibians. We call on our leaders and governments to commit resources for urgent global action to rescue frogs and other amphibian
