Communicating science for conservation

ZOO's PRINT Publication Guidelines

We welcome articles from the conservation community of all SAARC countries, including Afghanistan, Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan, Sri Lanka and other tropical countries if relevant to SAARC countries' problems and potential.

Type — Articles of semi-scientific or technical nature. News, notes, announcements of interest to conservation community and personal opinion pieces.

Feature articles — articles of a conjectural nature — opinions, theoretical, subjective.

Case reports: case studies or notes, short factual reports and descriptions.

News and announcements — short items of news or announcements of interest to zoo and wildlife community

Cartoons, puzzles, crossword and stories

Subject matter: Captive breeding, (wild) animal husbandry and management, wildlife management, field notes, conservation biology, population dynamics, population genetics, conservation education and interpretation, wild animal welfare, conservation of flora, natural history and history of zoos. Articles on rare breeds of domestic animals are also considered.

Source: Zoos, breeding facilities, holding facilities, rescue centres, research institutes, wildlife departments, wildlife protected areas, bioparks, conservation centres, botanic gardens, museums, universities, etc. Individuals interested in conservation with information and opinions to share can submit articles ZOOS' PRINT magazine.

Manuscript requirements

Articles should be typed into a Word format and emailed to zooreach@zooreach.org. Avoid indents, all caps or any other fancy typesetting. You may send photos, illustrations, tables.

Articles which should contain citations should follow this guideline: a bibliography organized alphabetically and containing all details referred in the following style: surname, initial(s), year, title of the article, name of journal, volume, number, pages.

Editorial details

Articles will be edited without consultation unless previously requested by the authors in writing. Authors should inform editors if the article has been published or submitted elsewhere for publication.

ZOO OUTREACH ORGANIZATION

Announcements

International Conference in Zoological Sciences and Ants (11th ANeT), Punjabi University, Patiala, 26-28 October, 2017

The Department of Zoology and Environmental Sciences, Punjabi University, Patiala invites you to International Conference in Zoological Sciences and 11th ANeT (International Conference on Ants). The conference will broadly focus on different aspects encompassing Zoological Sciences. Among these, one of the symposium will solely be dedicated to 11th meeting of ANeT (International Network for the Study of Asian Ants). The aim of ANeT is to connect research on Asian ants with the world by offering a platform for communication and exchange. Rest of the symposia will focus on a) Reproductive Biology and Physiology b) Molecular Biology and Cytogenetics c) Entomology d) Environmental Sciences. Finally, the participation from the emerging fields (Chemical Ecology, Epigenetics and Molecular Ecology etc.) is also welcomed.

You can download conference brochure from http://www.conferencezoologyants.com/yahoo_site_admin/assets/docs/conference_brochure.12323807.pdfv
