

SSC NEWSLETTERS

The Species Survival Commission of IUCN has many specialist groups which are concerned with both species of plants and animals and also subjects. Many of these specialist groups have newsletters which tell the activities of the group or of the species or subject all over the world. SSC, IUCN sends us all of their specialist group newsletters to that we can share them with you. We have tried in vain to find a sponsor for this project so that we don't have to charge anything but no one has come forward. Therefore we have set the price at our cost of copying only. If you want to order any of these newsletters, send the amount in stamps or money order with the name and issue of the newsletter and we will send you a good quality xerox copy.
