The SSC Newsletters are increasing in numbers. More and more Specialist Groups are starting their own Newsletters and the membership to the old ones are increasing. The Specialist Groups use the Newsletters to keep all of their members and others interested know of their activities and the research and activities going on. With the ever increasing membership, some of the Specialist Groups find it difficult to mail their newsletters to all interested due to lack of funds or due to lack of infrastructural facilities.

For our Indian readers, Zoo Outreach Organisation has undertaken the responsibility of distributing photostat copies of the Newsletters to those who are interested. Of course, sending it free of cost is unfortunately not in our financial abilities, but we charge a minimum copying cost for each Newsletter plus postage.

Write to us with the required amount (preferably as postage stamps if less than Rs. 100) and give us about two weeks. The suggested rates for all Newsletters Marked with:

* Rs. 8 (including postage)

** Rs. 15 (including postage)

*** Rs. 35 (including postage)

if you need copies of any of these Newsletters, just contact:
